Will - Needs work and my wishes and intentions

Angela × Neill ×

Stephen Cooke <stephencooke.c@gmail.com>
to Neill, Sheila

An organisation can be good and still have few bad eggs but far more likely and potentially more dangerous are good but but being misrepresented by the sin of man - a priest who is also a pedophile is a perfect example of this **and to be clear,** to be careful of placing myself into a vulnerable situation be it church or otherwise until my divorce is finalised.

I "feel" that the Church has proceeded getting to know me having already condemned me as portrayed from Heathers nar I can possibly get across to you months of personal experience in words to you)

I do not claim to be a prophet, but prophets "see" God in such a way that aligns with my own personal experiences of how

Please see attached "Advising the church my relationship with God.pdf" and "The Gentle Whisper of God.pdf" read again and additional click on the family picture of Sam below: "Sam, Prue & the girls" to view youtube videos of his daughter anc

Understand that most people who have been through what I have been through would have commited suicide by now anc

But God / Holy Spirit did come to me and changed my heart - has fortified my heart. I still feel love but it is not weak or vul months ago - I actually enjoy my time alone now to be with God!

Sam is a good man and so is everyone at the church but even so, I have felt the condemnation coming into this church at a very vulnerable place until I am divorced. One could say that the children are being used as a carrot to draw a Mother cc the way he did when he came to me). That all being said, I can still become frustrated when I feel I am not being heard. (tl may have nothing to do with you at all why I may feel I am not being heard at times)

Lastly, please find my attached will - it needs work, much work but this is what I have atm.
